

Lower costs.  
Happier employees.

Drive more value in healthcare.

### Complexity is growing.

Healthcare benefits used to be simple. Now employers and members are spending more and getting less. Complexity drives:

 Higher costs.

 Administrative burden.

 Poor member experience.

 Low utilization of solutions.

### Better care at a lower cost. It's possible.

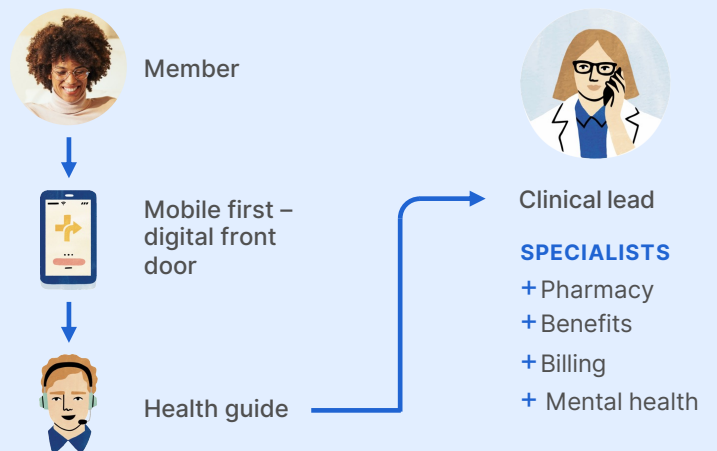

Rightway is the leader in driving healthcare value for everyone, everywhere. Its care navigation solution simplifies the complexity of today's healthcare system.

#### RIGHTWAY PROVIDES:

### A solution that is clinical, digital, and human.

Rightway's clinician-driven navigation model maximizes healthcare outcomes while tailoring the member experience. Every member has a clinician-led care team with a dedicated health guide who acts as a single point of contact to the healthcare system.

# The Rightway advantage.

## + The smartest clinical navigation.

Rightway's clinician-driven delivery model combines dedicated human guidance with proactive outreach that is informed by proprietary risk scoring.

## + Best-in-class technology.

An intuitive, mobile-first member experience is driven by a rich member health profile and a recommendation engine that delivers "next-best-action" technology.

## + Lightest lift.

Rightway allows for easy implementation by overlaying on top of your existing benefits plan and is offered at a highly competitive price point.

## Proven value for employers and members.
